

Handicapping During Course Improvements & Repairs.

During the cleanup after the recent Gota Fria and for the duration of the improvements to the course it is very difficult, if not impossible, to accurately adjust handicaps.

Therefore, the Committee has decided that until we have 18 payable holes and the Course Rating & Slope Rating are adjusted, we will be making all games 'Non-Qualifying' for handicapping purposes.

However, if deemed appropriate, players may have handicap adjustments under 'General Play'.
